Step Right Up! Our End-of-Year Circus Spectacular

Rehearsing for the Big Show

During this final school period, the children worked enthusiastically to prepare their end-of-year circus show. They practised their balance, dancing, acting and singing skills, learning how to perform together and support one another.

The rehearsals gave the children many opportunities to build their confidence, concentration and coordination. They also enjoyed helping to create the props and costumes that brought the show to life.

We were very proud of all the children and the energy, creativity and enthusiasm they brought to their performance.

Exploring Parc Phoenix

The children enjoyed a wonderful day out at Parc Phoenix in Nice. Travelling together by bus was part of the adventure, before spending the day exploring the park and observing its many different plants and animals.

The children worked in pairs with special bingo cards. As they walked around the park, they carefully looked for the animals and plants shown on their cards. This encouraged close observation, teamwork and plenty of lively discussion about everything they discovered.

From Our Garden to Our Table

Gardening has been an important part of our classroom life since early spring. The children have taken great care of the plants growing beside our classroom and have enjoyed watching them change over time.

At the end of the term, they collected seeds from the sunflowers they had grown and tasted fresh basil leaves and cherry tomatoes directly from the garden. These experiences helped the children understand where food comes from and allowed them to enjoy the results of their patience and care.

Thank You for a Wonderful Year

We would like to thank all the children for such a happy and memorable end to the school year. It has been a pleasure to share these experiences with them and to see their confidence, independence and curiosity continue to grow.

We wish all our children and their families a wonderful, restful and sunny summer!

From the 3-6 team.
